Bengal Governor Wants Delhi's Assurance

Delivery Of 250,000 Tons Of Food Grains To Tide Over Starvation

NEW DELHI, October 11.

Sir Thomas Rutherford, Governor of Bengal, who arrived in New Delhi to-day, at once had a series of conferences with the Viceroy and Members of Council and officials on the food situation in Bengal.

The Governor reported on the present position in Bengal AND WAS ANXIOUS FOR ASSURANCES ABOUT THE DELIVERY OF THE 250,000 TONS OF GRAIN which he estimated in his broadcast as being necessary to tide Bengal over the period between now and the next rice harvest.

PROBLEM OF EAST BENGAL

Another problem which was discussed, was that of communications. One of the difficulties at the moment is to get the grain out of Calcutta into the country districts around.

The railways are burdened with traffic, roads are few and in a great part of East Bengal the rivers from the main arteries of communications.

This matter is receiving close attention.

ANOTHER PROBLEM

Another question which is engaging the attention of the authorities is how to enable the Bengal population accustomed to rice to eat other grains about the preparation of which they at present know nothing nor have they the necessary implements to cook them.

102 Deaths On Sunday

CALCUTTA, Oct. 11: One hundred and eight sick-destitutes were admitted to different hospitals in the city and suburbs, yesterday. During the day, there were 102 deaths of such cases in hospitals, and 43 persons were discharged.

NO RICE IN HOTELS

Most of the Calcutta hotels went practically without rice for the last 2 successive days as it is not available in the market. To-day some hotel-keepers have managed to secure small quantity but at double prices. Reports from Dacca and other districts show that rice is not available even at fabulous prices, i.e. Rs. 2-8-0 per seer. In some places in mofussil "atta" is reported to be available but people are not used to it.

DEATH ROLL IN CHITTAGONG

In July and August last death roll from starvation in the town of Chittagong was 140 and 150 respectively. The deaths from malaria, cholera and other diseases totalled from 500 to 550 a month. Though official and non-official relief has expanded, the conditions show no sign of improvement.

Prof. D. Ghosh of the Baroda College, Baroda, who is now in Calcutta has handed over to Dr. S. P. Mookerjee a sum of Rs. 3,015 collected by the students and the staff of the College.

JIAGANJ: More and more deaths due to starvation are being reported from various places of the adjoining Thanas. An unclaimed dead body of a woman of about forty years was found lying on the side of the river Ganges at Azimganj.—United Press.

U. P. LEAGUERS' 'BENGAL DAY"

LUCKNOW: The Working Committee of the U. P. Provincial Muslim League has decided to observe October 29 next as "Bengal Day" when collections will be made for relief in Bengal.—A. P.

GRUEL-EATERS DEVELOP OEDEMA

CALCUTTA, Oct. 11

About eighty destitutes died in the streets of Tangail in the district of Mymensingh. More deaths are reported from villages of the sub-division. The death rate is gradually increasing.

According to a report received here from Barisal, a substantial number of the recipients of gruel seem to have developed symtoms of oedema.

Reports from Behrampore indicate acute distress in many parts of the district. A large number of deaths occurred before the Puja holidays.

SAD END OF COBBLER'S FAMILY

In a village near Nimtita within the Jangipur sub-division four members of a cobbler family died falling into a well one after another.

SANTHANAM TO TOUR DISTRICTS

Mr. K. Santhanam, former member of the Central Assembly, who is on a tour of Bengal to study the distress prevailing in Bengal, met Mr. H. S. Suhrawardy, Minister for Civil Supplies, and is leaving Calcutta on a tour of Dacca and other affected areas.

U. P.'S HELP TO BENGAL

LUCKNOW: A 'communique' states that the Government of the United Provinces have despatched up-to-date 9,02,358 maunds of food-grains to Bengal and 6,34,654 maunds to other provinces.

Since September 28 to October 7, the United Provinces Government despatched 1,10,031 maunds of wheat, 82,618 maunds of millets and 7,077 maunds of rice to Bengal.—United Press.

Punjab Against Wheat Price Control

LAHORE, Oct. 11: The attitude to be taken by the Punjab Delegation to the forthcoming Food Conference is understood to have been finally approved to-day at a special meeting of the Council of Ministers presided over by His Excellency Sir Bertrand Glancy, Governor of the Punjab. While the Cabinet decision is not known, it is stated in informed quarters that the Punjab Government are opposed to the re-imposition of control in the price of wheat in view of past experience as well as to the introduction of rationing in towns in surplus provinces.

It is believed that the Punjab Delegation will take a firm stand on these issues at the Conference.—A.P.

Soong Back In Chungking

Roosevelt Upholds China's Claim

WASHINGTON, Oct. 11: President Roosevelt gave unqualified support today to the legislation to repeal the Chinese Exclusion Act and allow Chinese residents in the United States to become American citizens. President Roosevelt in a messagee to Congress said: "I regard this legislation as important in the cause of winning the war and establishing a secure peace." He said that by the repeal of the Exclusion Law "we can correct a historic mistake and silence distorted Japanese propaganda". President Roosevelt said that the extension of citizenship privileges would be "another meaningful display of friendship. It would be an additional proof that we regard China not only as a partner in waging the war but that we shall regard her as a partner in the days of peace While it would give the Chinese a preferred status over certain other Oriental people, their great contribution to the cause of decency and freedom entitles them to such preference."—Reuter.

"TIRPITZ" DAMAGED

LONDON, Oct. 11.

It is officially announced that a British midget submarine damaged one German battleship "Tirpitz" in Norwegian waters.

An Admiralty 'communique' says:

Air photos taken after the attack show that the 'Tirpitz' which has not moved from her anchorage was surrounded by thick oil which covered the Fjord where she lay and extended over a distance of more than two miles from her berth. The photos also show a number of small unidentified craft alongside the battleship, possibly repair ships or ships to provide power and light.

The personnel who took part in the operation report that on September 22 while still in the immediate vicinity of the anchorage they heard a series of very heavy detonations at the time expected for the units to be attacking.

Three of His Majesty's midget submarines have so far not returned from these operations and must be presumed lost, but in view of the German claim of prisoners taken it is not unlikely that some of the personnel of these vessels are in enemy hands. The next of kin have been informed. Alten Fjord in which the 'Tirpitz' lay is 1,000 miles from the nearest British base.

The names of the Commanding Officers of the midget submarines which did not return are: Lt. D. Cameron, Lt. H. Henty-Creer and Lt. B. C. G. Place."—Reuter.

TRIBUTES TO MR. AZAD

BOMBAY, Monday.

Reference to the death of Mr. M. K. Azad, the well-known criminal lawyer of the city was made by Mr. M. N. Talpade in the Court of Mr. D. S. Babrekar, Presidency Magistrate, Girgaum to-day. Glowing tributes to the brilliant and eloquent

Mr. M. K. AZAD, Bar-at-Law, who died on Sunday.

advocacy of the departed barrister were paid on the occasion.

Mr. Talpade, in course of his reference, observed that the late Mr. Azad was a well-known barrister of the Bombay High Court with whom he had come into contact as far back as 1915. Since then he had always impressed the speaker as a brilliant lawyer.

Mr. D. S. Babrekar joining in the tributes stated that it was always a great pleasure to him to work with Azad, who had acquired a high reputation in the Criminal Sessions of the High Court by his powerful advocacy and clever cross-examination.

K. F. NARIMAN'S TRIBUTE

A reference to the demise of Mr. M. K. Azad was made in the Court of Mr. Reginald Mathalone, Presidency Magistrate, Esplanade, to-day.

Mr. K. F. Nariman speaking on behalf of the bar expressed deep regret at the death of Mr. Azad, which had occurred on Sunday.

By his death, Mr. Nariman said, the bar had lost one of its most brilliant advocates and the gap would be hard to fill for a long time. Mr. Azad was very helpful to junior members of the profession.

Mr. Mathalone, in associating himself with the sentiments expressed on behalf of the bar said that the death of Mr. Azad was a personal loss to him. They had been friends He was a man of great courage and in him the city had lost one of its best Counsel.

3 ROAD-SIDE DEATHS IN BOMBAY

BOMBAY, Monday.

At the inquest on Dattaram Sonoo Salkar (23), and Jagannath Narayen (20) on Monday it was revealed that while walking along Parel Chawl Road, both of them collapsed suddenly. Dattaram died on the spot while Jagannath Narayen was picked up and rushed to the K. E. M. Hospital, where on arrival, he was found to be dead. A small bottle was handed to the mother of Jagannath Narayen by some one from the crowd. The bottle was sent to the Chemical Analyser. Pending a report from him the inquest was adjourned.

A young woman was picked up on the road-side at Matunga Road and sent to hospital. She was in an emaciated condition. She died in the hospital. It is stated that she came to Bombay sometime ago from Rampur State and was working as an extra in film studios. Of late she had no employment. Pending the report of the Chemical Analyser of the stomach contents, the inquest was adjourned.

Three Die Of Accidents

One woman and two men met their death by accident on the streets of Bombay to-day.

Paribai Washram, who along with two others was knocked down by a military car at Lamington Road, succumbed to her injuries this evening. The other two pedestrians and the soldier-driver of the car are still in hospital.

Nanji Vallaji (60), who was knocked down by a tram-car yesterday at the junction of Sandhurst Road and Tandel Street, died to-day.

The third accident occurred this evening when a tram-car knocked down a man at Wadi Bunder. The man died on the way to Hospital.

BATTLE FOR KIEV

Nazis Begin To Quit: Eight Soviet Divisions Cross Dnieper

LONDON, Oct. 11.

The Vichy radio said to-day that the new Soviet offensive between Zaporozhe and the Sea of Azov "has assumed great violence." "The Russians are using strong forces and seem determined to force a break through at any price", added the radio.

Heavy fighting is going on at the outer approaches to Vitebsk, where a Soviet spearhead has driven to within 15-miles of the city. The main Soviet thrust is along the railway line from Rudnya. The Russians are pounding at the gates of Gomel. They have already passed Rishevo on the railway only five miles east of the city.

NAZIS EVACUATING KIEV

The Germans are beginning to evacuate Kiev.

Loot is being removed and civilian population carried off as the twin Soviet forces threaten to move round behind the city from the north and the south.

Fierce tank battles to-day raging along miles of the west bank of Dnieper, while over the bridgehead battlefields and river crossings, air battles are being fought on a scale compared to the Stalingrad days.

SOVIET CROSS DNIEPER

Eight Soviet divisions with full equipment are already across the river and have linked up with hundreds of Ukranian guerillas. Russian bridgeheads are being steadily extended.

Gomel is now gravely threatened by a broad Soviet wedge pushing from the north-east and the east. In addition to Larischevo, the Russians have in the past 24-hours captured Chistaya Luzha, 9-miles to the north-east and Maryino 10 miles east north-east of Gomel.

REDS CAPTURE DOBRUZH

The text of the Soviet 'communique' states:—

In the Gomel direction, our troops captured the town of Dobruzh as well as a number of other inhabited localities including Rudnya and the railway station of Larischevo.

In the Vitebsk direction our troops advanced from six to 12 kilometres and captured more than 140 inhabited localities including the railway station of Krasnoye.

Fierce Minor Clashes Across Volturno

ALLIES CAPTURE PONTELANDOLFO: SEVERAL CASUALTIES IN NAPLES TIME-BOMB EXPLOSION

NORTH AFRICA, Oct. 11.

The "Zero" hour for the battle for the Volturno river appears imminent.

Heavy fighting is already going on just north-east of Capua.

Marshal Kesselring is believed to have 80,000 men and considerable forces of armour ready to throw against any large-scale attempt to break this line. He is reported to have moved up another division to this front.

General Montgomery's men after 25 miles advance to Larino are pushing westwards to Vinchiaturo 40 miles ahead.

In preparation for the crumbling of the present positions the Germans are rushing to prepare a new defence line between the west coast and the Appennine foothills at the northern end of the Volturno plain, some 15 miles behind the present battlefront.

Pontelandolfo Captured

North Africa Oct. 11: It is officially announced that the Allies have captured the town of Pontelandolfo.

To-day's communique says "Land: On the Fifth Army front patrol activity continues. In the central and northern sectors limited advances have been made and Eighth Army patrols are pushing westwards vigorously. The enemy continues to fight hard and is using broken and difficult country to assist his defence. Demolitions still being met on a heavy scale. Pontelandolfo has been captured.

Several Casualties In Naples Explosion

(From Reuter's Special Correspondent)

NAPLES, Oct. 11: An explosion causing many casualties rocked Naples this morning. It was due to a time-bomb that had blown up a wing of the barracks formerly used by the Germans. Dozens of men were trapped under the ruins. By this afternoon, 25 dead and 30 injured had been removed. Rescue squads were still at work to-night. The United States Commander of the 5th Army General Mark Clark visited the scene and I understand, orders were given for the evacuation of buildings in the vicinity believed to be dangerous. Apparently before leaving, the Germans had tunneled under the barracks and hidden several tons of explosives there. This explosion is worst so far of the several that have occurred in Naples since the Allies occupied the city.

It was disclosed to-day that before leaving the Naples area, the Germans blew up the great Ilva Steelworks and chemical factory, one of the largest in Italy employing some 4,000 men. They spent 15 days systematically laying cordite charges and mines, and to-day all that remains is eight tall stark chimneys and acres of blackened ruins and twisted ironwork. Workmen tried to prevent sabotage but the Germans ordered all workmen out of the factory.

The weather is hampering the use of transport and the Eighth Army's advance was on foot. The capture of Pontelandolfo will now compel the Germans to use the circuitous mountain high-way through the much-bombed Isernia 40 miles to rear to reach Vinchiaturo and their forces in the east coast sector. The Germans are covering the demolitions with heavy gunfire to prevent the Allies carrying out bridge building and repairs. The Germans have massed considerable forces of artillery both near Larino on the road to Termoli and Gambelesa on the road to Foggia to hold up the Eighth Army's advance. At some places where bridges have been blown up and road blocks erected, they have stationed artillery in the vicinity to hinder repair work.

British Sappers have been doing a superb job clearing the path for infantry under heavy shellfire. Across the Volturno river, General Mark Clark's patrols are actively probing the German defences and many fierce minor clashes have taken place. The main body of the Fifth Army is still consolidating its gains before the next major move.

MOVE TO LIQUIDATE HOUSE OF SAVOY

First Lieutenant John Winant, son of the United States' Ambassador to Britain is reported missing from the United States raid on Munster yesterday. It was his 13th operational flight.—Reuter.

Burma's Ambassador To Tokyo

NEW YORK, Oct. 11: The Tokyo radio announced, according to the Columbia Broadcasting System that Mr. Sangmong, Burma's special envoy to Japan arrived in Tokyo on Sunday.

The radio added: "Information from authoritative sources disclosed that Mr. Sangmong will probably remain in Japan as Burma's first Ambassador to Tokyo."

Plea For Import Of Food Grains From Abroad

The Committee of the Indian Merchants' Chamber, Bombay, has sent a telegram to the Government of India urging upon them to adopt a bold and statesmanlike policy of asking for definite co-operation of the Provinces with the policy laid down by the Centre. It points out to the promise made by the U. P. Government to send 40,000 tons of wheat to Bombay and the subsequent intimation to reduce it to only 14,000 tons and says that this perhaps goes to show how there is a sort of confusion with regard to the different provinces vis-a-vis the food problem.

After pointing out that the "Grow More Food" campaign has fallen flat and measures like securing fertilisers are long-term suggestions the Committee emphasises that what is vitally required at present is the import of food grains at the earliest possible moment. The Committee is also anxious to know the position with regard to supply of food to foreign army in India and suggests that they should have their own supplies imported from abroad.

ALLIED-JAP PATROL CLASH ON BURMA FRONT

Increased R.A.F. And U.S. Air Force Activity: Mountbatten Conferences In Delhi

NEW DELHI, Oct. 11.

With improving weather conditions along the Burma front active patrolling by both sides is increasing as the opposing forces seek to probe each other's forward positions to gain information, says to-day's India Command Joint War Communique.

The enemy is displaying manifest anxiety about his own outposts and has been sending out some patrols of unusual strength on the Chin Hills and Arakan fronts. On October 6 a patrol of British troops ambushed a superior number of Japanese near Maungdaw and inflicted heavy casualties on them. Twenty-four of the enemy were definitely killed with only slight loss to our troops. In the Chin Hills area two attacks on our outposts by strong enemy parties were repulsed with relatively heavy casualties to the enemy and without loss to ourselves.

INCREASED R. A. F. ACTIVITY

The principal objects of R. A. F. activity yesterday were enemy supply centres in the Myittha valley and Chin Hills area. Kalewa on the Chindwin, a few miles east of Kilemyo, was attacked by dive-bombers during daylight and again by "Wellingtons" last night. All the bombs fell in the target area and fires were started. Dive-bombing attacks were also made on Kaing in the Kilemyo area and at Gangaw further south in the Myittha valley. Another formation of "Wellingtons" last night bombed Taungup on the coast at the western end of the road from Prome. Four large fires were started which were visible 30 miles away.

MOUNTBATTEN CONFERENCES

Lord Louis Mountbatten, Supreme Commander, South-East Asia Command, is continuing his series of conferences here. These conferences with the British and U. S. Service Chiefs are shrouded in secret. But it may be assumed that they are concerned with the broad outlines of policy and planning. The next stage will be the creation of a land, sea, and air war machine to carry into effect the decisions reached. At present Lord Louis Mountbatten has only his personal staff with him but the officers who will form his combined staff are on their way to India.

Lord Louis Mountbatten is staying as the guest of the Commander-in-Chief, Sir Claude Auchinleck.—

U. S. AIR FORCE OVER BURMA

The 10th U. S. Air Force is increasing the tempo of its attack as the monsoon season ends, says a 'communique' issued from Rear Echelon Headquarters United States Army Forces China, Burma, India. Several targets in widely separated places in Burma were bombed on October 9. B-24 heavy bombers struck at the Kanbauk tin mines 20 miles. Six direct hits were made on main buildings and several other adjacent buildings were demolished. The water pipe line was broken at several points. Other formations attacked the railway yards at Sagaing in the Mandalay area destroying considerable trackage.

B-25 medium bombers destroyed a large number of rolling stock as well as trackage at Kyaukse. Direct hits were made on two small bridges in the area.

A combined medium and fighter-bomber formation bombed and strafed Kamaing in northern Burma north-west Mogaung. A large fire was left burning in the camp area.

On October 8, fighter bombers attacked Kawlin in north central Burma. Clouds prevented observation of results.

From these operations, all of our aircraft and crews returned safely

U. S. FORCES CAPTURE VILA AND SANTA ISABEL

LONDON, Oct. 11.

United States forces have occupied Vila, it is officially announced here, says a 'communique' issued by the Allied Headquarters, South-West Pacific.

First landings in Vila region were made without opposition on October 6. All Japanese positions were under American control by October 9.

A 'communique' issued by Admiral Nimitz states that Japanese positions on Wake Island were heavily smashed and more than 61 Japanese planes destroyed during a two-day bombing and shelling.

The Japanese apparently offered considerable aerial resistance to the initial attack at dawn on Tuesday.

Thirteen American planes were lost in air battles.

CAN HORNIMAN BE SENTENCED "IN ABSENTIA"?

Allahabad High Court Reserves Judgment In "Sentinel" Contempt Case

(From Our Own Correspondent)

ALLAHABAD, Oct. 11.

Mr. B. G. Horniman's contempt case which was taken up to-day aroused much interest before the Division Bench of the High Court.

The court room was packed with lawyers.

The Advocate-General argued his case and read the Bombay High Court's judgment holding that the Allahabad High Court had no jurisdiction to arrest Mr. Horniman, Editor, "Bombay Sentinel".

The Advocate-General criticised certain aspects of the Bombay High Court's judgment and Their Lordships Justices Collister and Allsop also expressed their differences with certain observations of the Bombay High Court.

Towards the end of the argument piquant situation arose when Mr. Justice Allsop enquired from the Advocate-General as to what would happen if they sentenced Mr. Horniman "in absentia" to, say, six months' imprisonment under Contempt of Courts Act.

The Advocate-General replied that the sentence might never be executed in Bombay in view of the Bombay High Court's decision.

Mr. Justice Allsop said that the practice in England is that the court commits a person to imprisonment. The Advocate-General replied: "Here Your Lordship will have to issue your orders to the Jailor.

Justice Mr. Collister asked: "If the accused escapes?" Advocate-General replied, "Bombay police will have to arrest him and the same question of jurisdiction might arise again.

Justice Allsop: "Bombay High Court held that he cannot be brought here for trial but if we say we sentenced him and passed orders what will happen?"

The Advocate-General: Nothing will happen.

Justice Allsop: I am not suggesting we are going to sentence him but enquiring how our order can be carried into effect.

COMPETENT TO ISSUE WARRANT

Earlier the Advocate-General argued contempt of court was an offence under the criminal Procedure Code though not under the Indian Penal Code and this court was competent to issue a warrant to arrest Mr. Horniman. He said the offence of contempt of court had been made punishable with imprisonment upto six months and the offence as defined in the Criminal Procedure Code includes offence punishable by any law. So long as there was the Central Government in India the processes of this court could be executed in any part of India under the Criminal Procedure Code. The position since the Privy Council ruling relied upon by the Bombay High Court had changed in view of the provisions of Contempt of Courts Act. Even though Common Law in England did not apply to the Allahabad High Court, the Advocate-General submitted that the Bombay High Court's judgment was not quite sound. Of course, there it is not sound in Law.

Justice Collister: What do you mean by "Amery's Denial" (in comment complained of)?

Advocate-General: The editor is the best person to explain.

The Advocate-General, however, read the report of the statement issued by the India Office about the exact effect of the Federal Court's decision published in the "Leader". He also stated we would file an affidavit to the effect that the "Sentinel" is circulated in Allahabad. He had received a letter from the manager of the "Leader" saying that the particular copy of the "Bombay Sentinel" wherein the alleged objectionable comments had appeared had been received in the "Leader" office in exchange.

Their lordships reserved judgment. *The Advocate-General suggested that a warrant of arrest may be issued against Mr. Horniman and it may be kept pending against him.*

CHINESE REPUBLIC

The other day China celebrated, with her Allies not omitting to add their tributes and felicitations, the thirty-second anniversary of the establishment of the Chinese Republic under the inspiring leadership of Doctor Sun Yat-Sen. The main thing about the history of the Republic that strikes us to-day is that all through its career it was, if not aggressively opposed, actively ignored and frowned upon by nearly all the great Powers of the world with the exception certainly of Russia and to a certain extent of America. Nationalist and Republican China survived their ill-concealed hostility. It also survived internal troubles and, under the growing persecution of Japan, connived at, and even defended, by others, China emerged, over seven years ago, a united country under the leadership of Generalissimo Chiang-Kai-Shek to withstand the full onslaught of one of the world's powerful, modern war machines wielded by a ruthless and cynically ambitious foe. For years, till December 1941, China stood alone, poor, unequipped and unaided. Even now the situation is not much different except that those "Allies", who were silent and not unoften pro-Jap then, are, to-day, vociferous in verbal praise of the Chinese, the Kuomintang, the Communists and China's great leader.

The heroism of China, which is now being so enthusiastically acknowledged, is, of course, an undoubted fact. It has been there all these years. And it is Chinese heroism that has seen China through a prolonged and agonising crisis unparalleled in recent world history. China is still suffering and may continue to suffer for sometime longer. But China's survival as a great and independent republic is now assured. New friends laud her to-day because, as her Minister of Finance points out: "Consider for a moment what the plight of the United Nations in the Pacific would have been had not the fledgeling Chinese Republic emerged as a military factor." We in India pay our tribute to China and salute the Chinese because they are our brothers, because between them and us is the bond of mutual sympathy and identity of hopes and aspirations and because China teaches us the meaning of freedom and what authentic patriotism, born and bred of that freedom, can achieve even against tremendous odds.

Obnoxious Orders

The Order of pre-censorship served on the "Amrita Bazar Patrika" regarding publication of certain categories of matter relating to the food crisis in Bengal is an unwarranted interference with the liberty of the Press. It is certainly no contribution to the improvement of a critical situation. A Gentleman's Agreement exists between the Government and the Press and if the "Patrika" violates that agreement it can be dealt with through the existing machinery of the Provincial Press Advisory Committee. The Provincial Government have defied that Agreement and have, in our view, abused the powers vested in them under the Defence of India Rules by serving a Draconian order of pre-censorship on the "Patrika". During the present food crisis the Press has been a powerful factor in awakening public conscience, in inducing the people to help the starving and in creating a feeling of confidence that all that is necessary is being done. The action taken against the "Patrika" will irritate public opinion and defeat the purpose which the Government have in view, apart from being an unjustifiable assault on the freedom of the Press. The Government of Bengal must immediately withdraw the Order. The odiousness of the order is aggravated by another Order issued by the Government "prohibiting the printing or publishing within the Province of Bengal of any document containing reference, by way of comment or otherwise" to it. Thus insult has been added to injury and we have no doubt the Standing Committee of the All-India Newspaper Editors' Conference, which will meet in New Delhi next week, will suitably deal with these two obnoxious Orders.

Grain Banks

The current number of the "Social Welfare" contains an instructive article on Village Grain Banks by Mr. Vaikunth L. Mehta. In these days of uncertainty about food for the morrow the plan of grain banks is most opportune. Grain banks were very common in the old village economy of India and even to-day they have been organised here and there by village uplift workers. The idea is simple enough. Every farmer who produces the requisite quantity brings to the Bank as much grain as he and his family need for a year plus an additional quantity that will be needed for the wage labourers and the destitutes of the village. He withdraws the grain as and when necessary, gets the price for his quota sold to the wage labourers, and his quota given to the destitutes or very poor farmers represents his charity. His surplus, if any, he keeps to himself to be sold for cash or bartered for other goods.

The scheme, as pointed out by Mr. Mehta, promotes "a healthy tendency towards self-help, mutual aid and self-sufficiency among the village populace." Some of its details are given in the article in question, others, says the writer, may be gained from experience; and if the scheme is found feasible, 'it may then well become a part of the social economy of rural areas." Whether the scheme will succeed to any appreciable extent will depend not only on the villagers concerned but also on Government. If the latter encourage it, as they ought to, they can get the surplus for the benefit of deficit areas. If, on the contrary, they proceed on the principle that no body should in the present conditions stock more grain than is necessary for a few months, if accordingly they treat a legitimate minimum stock as hoarded grain and attach it, they will only destroy the very spirit of mutual help which created the Banks and will drive the farmers to hoard even more than is necessary for them. It is, of course, understood, that in an emergency Government may use a part of a Grain Bank where it is more urgently wanted, provided they undertake to replace the attached part when it is needed by its legitimate owners.

FRANKLY SPEAKING

Great Possibilities

Last week was remarkable first by the surprise autumn offensive which the Russians have launched on a 900 mile front, but also, secondly, by the Anglo-American air offensive from Britain which has broken all previous records. It was the heaviest and most extensive of any week during the war. But while the R.A.F. carried the main burden of the offensive it was the two American daylight raids that have rightly achieved prominence. They open almost a new chapter in the air war. They caused great damage to the German war machine and communications. Moreover, they destroyed 193 German fighters for the loss of 59 heavy bombers and a number of fighters. In terms of production, equipment and personnel an American heavy bomber is, on the average, equal to more than four German fighters. The proportion of losses is thus slightly in favour of the Germans but, on the other hand, America's production capacity is great and is rising while that of Germany is being surely crippled. Germany cannot, therefore, afford her losses. That is why there are great and not remote possibilities if the Anglo-American air offensive is continued and also stepped up, but the main possibility we are thinking of is the invasion of Western Europe.

Support Congress Candidates

We have already explained the circumstances which call upon the municipal voters of Bombay to give their solid support to the Congress candidates, Mr. Y. J. Meherally in Ward 5 and Messrs. Nagindas Master and S. K. Patil in Ward 9 in to-day's by-elections. We are sure, the voters are anxious to support Congress, to demonstrate again their confidence in its representatives and not to help Government in their policy of discrediting Congress and depriving its leaders and workers of their political and civic rights without even trial. But it is not enough to wish well of Congress. Voters should be prompt and active in their service. Voters should make it a point to attend the polling stations as early as possible without waiting for any special facilities for conveyance. They should not only give all their votes to the Congress candidate but should appeal to other voters also to do likewise.

Vagaries Of Law

The vagaries of law and its misapplication are once again illustrated by the case in which two Bohra merchants in Bombay were charged with cheating by a merchant in Delhi and were arrested by a Sub-Inspector of Pydhownie Police Station without a warrant. They had been charged by a person in Delhi with cheating in respect of goods purchased by him from them. Under instructions from the Delhi police the Bombay police arrested the merchants, though there was no warrant of arrest, and placed before the 2nd Additional Magistrate, who ordered them to go to Delhi to take their trial. Fortunately, on appeal, the High Court held that the case could be tried in Bombay and the Magistrate had no jurisdiction to direct the accused to present themselves in the Delhi Magistrate's Court. Magistrates should be particularly careful before depriving respectable citizens of their liberty.

When League Executive Meets

NEW DELHI, Oct. 11: A meeting of the Working Committee of the All-India Muslim League will be held on Saturday November 13, and that of the Council on Sunday November 14, at Delhi, announces Nawabzada Liaqat Ali Khan, Honorary Secretary, All-India Muslim League.—A. P.

PRE-CENSORSHIP ORDER ON "PATRIKA"

It is understood the Government of Bengal have served an Order under the Defence of India Rules on the "Amrita Bazar Patrika" of Calcutta requiring it to submit for scrutiny to the Special Press Adviser, Calcutta before publication "any matter relating to economic conditions in Bengal, food and supply situation, relief and distress and Civil Defence Services or organisations."

The Order, however, does not apply to "any matter communicated to the Press for publication by any Government, any matter passed for publication by a Press Adviser and any matter constituting a factual report or factual news and published in type of same size and face as are in general use for presentation of news without any display of any kind."

HUBLI, Oct. 11

Thirty-three women were arrested at Savadatti district, Belgaum, for taking out a procession with National Flags on the 9th and at Athani four persons were arrested for the same reason.

Three persons at Alur district Dharwar, were sentenced to three months' imprisonment for having taken out a 'prabhat pheri' on 6th instant to celebrate Gandhi Jayanti.—A.P.

SHOLAPUR: Three persons have been sentenced to eighteen months' R. I. each for offering Satyagraha during the Gandhi Jayanti Week.—United Press.

SURAT: Sushil Chandra Joshi of the village of Vijalpur has been sentenced to three months' R. I. and fined Rs. 50 on a charge of attempting to send unauthorised 'Patrikas' to Government servants of Jalapur.—United Press.

C. P. DETENUS AND INTERVIEWS

(From Our Correspondent)
JUBBULPORE, Oct. 11

Mr. Babulal Jain who was arrested in November last and sentenced in May to six months' rigorous for keeping unauthorised leaflets was released on Saturday. He was re-arrested last night under D.I.R. 129 and interned in Jubbulpore Central Jail.

Although the Provincial Government has granted to security prisoners the concession of interviews with relatives, it is understood, that considering the rules governing interviews are humiliating, several security prisoners have refused interviews and have petitioned Government to modify Interview Rules.

SURAT BOMB CASE IN SESSIONS

SURAT, Oct. 11.

The Surat Bomb Case, in which 17 persons stand charged with the manufacture and distribution of bombs and hand-grenades came up for trial this afternoon before the Sessions Judge, Surat.

In November last the Surat police unearthed an arsenal for the manufacture of bombs and in this connection arrested 22 persons, who were alleged to have formed a ring to manufacture and distribute bombs in the city and the district. Five of the arrested persons were acquitted after the trial before the City Magistrate and the rest were committed to Sessions for further trial.—A. P.

DETENU RELEASED

CAWNPORE: One detenu of Banda and three of Shahjahanpore have been released unconditionally from the same jail after fourteen months' detention under D. I. R.

Mr. Shrikrishna Gupta has been released from the Hamirpur District Jail after serving the full term of imprisonment.

PUNJAB WEEKLY LOSES APPEAL

LAHORE, Oct. 11

A full bench of the Lahore High Court consisting of Mr. Justice Monroe, Mr. Justice Martin and Mr. Justice Mahajan dismissed to-day the petition of the editor, printer and publisher of the weekly "Satyug" against the order of the Punjab Government forfeiting a security of Rs. 500 and demanding a fresh security of the like amount from the paper. The "Satyug" is the official organ of the Namdhari Sikhs published from Bamini Sahib in Ludhiana district.—A. P.

Mrs. Alvares Detained Under Defence Rules

Mrs. Alice Alvares, M.A.L.T., a Ph. D. student, and Principal of the Modern Children's School, Bombay who was sentenced to one month's R. I. on September 7th, is now detained at the Arthur Road Prison under the Defence of India Rules.

Mr. and Mrs. Alvares were arrested in November 1942. Mrs. Alvares absconded from police custody two days after her arrest.

Currency Printing Press For Hyderabad

HYDERABAD (Dn.) Oct. 11: A provision of Rs. five lakhs for the setting up of a security printing press for printing currency notes in Hyderabad has been made in the budget estimates for 1353F. The entire scheme is expected to cost Rs. 10 to 12 lakhs.—A. P.

SMUTS-CHURCHILL TALKS

LONDON, Oct. 11.

Field Marshal Smuts and Mr. Churchill continued their earlier talks on the direction of war during the weekend at the British Prime Minister's official country residence at Chequers. Lord Wavell, Viceroy-Designate to-day had a second meeting with Field Marshal Smuts, who is expected to make the first public statement on his mission on October 19 at a luncheon given in his honour in the city of London.—Reuter.

Count Carlo Sforza, former Italian Foreign Secretary and Leader of Italian anti-Fascists, who is now in London saw Mr. Churchill during the week-end.—Reuter.

WINSTER ON JAPAN'S ACHILLES' HEEL

LONDON, Oct. 11: Lord Winster in a speech to-day said that Japan's merchant shipping situation must inevitably bring her to defeat in the long run. "It is beyond her power to replace her losses, let alone build up to what her own spokesmen say she requires. Here is her Achilles' Heel. —Reuter.

NEW ENGLISH DAILY FROM CAWNPORE

CAWNPORE, Oct. 11.

"Telegraph", a new English Daily, will appear from Cawnpore soon.—United Press.

WOMEN WELFARE ORGANISATION

NEW DELHI, Oct. 11: The nucleus of an organisation exclusively designed to look after women's welfare began to function from to-day with the opening of the women's section of the Department of Information and Broadcasting under the charges of Begum Shah Nawaz, till lately Director of the women's section of the National War Front.

In her new post, it is learnt, she will have the status of a Joint Secretary, and the intention is that the section under her should, in due course, develop into a link between different non-official organisations in the country and act as a clearing house of information about activities aiming at women's advancement.

The section has already set up a committee to work out plans for the demobilisation after the war of women employed in the various defence services. A problem which is also receiving attention is removal of the sex bar in the employment of women in ministerial posts in the Central and Provincial Governments.—A. P.

DETENU DIES OF CHOLERA

DACCA, Oct. 11.

Mr. Dinesh Chandra Shom, a security prisoner, who was detained in Dacca Jail, died of cholera in the hospital after suffering for four days.—United Press.

Muslim Woman Gets Divorce

(Before the Hon'ble Mr. Justice Coyajee)

FATMABAI ..... Plaintiff
vs.
MIR IBRAHIM ..... Defendant

The plaintiff, a young Mahomedan lady 26 years of age, was married to the defendant, an employee in a Bombay mill, on 23rd March, 1935. They lived for about a year as husband and wife during which period the plaintiff alleged that her husband practised continued and habitual cruelty towards her. After that he left her at her own brother's place while she was in a delicate condition and had since refused to maintain her. A male child was subsequently born to her but the child died six months later.

Under the circumstances, she sued, as a pauper, for divorce under Section 2 of the new Dissolution of Muslim Marriages Act of 1939, and for iddat allowance for 3 months. The defendant did not put in any written statement of defence.

His lordship granted the divorce prayed for.

Mr. H. J. Chinoy instructed by Messrs. Ebrahim and Dadla appeared for the plaintiff. The defendant appeared in person.

Bombay's Black-Out!

In recent months we have been told that the authorities concerned in Durban and Madras have removed lighting restrictions in their area. Even Malta—the most bombed place in this war—has had its curfew lifted. But Bombay continues to suffer from dismal darkness although it is so far removed from the various theatres of war. Marshal Stalin, our great ally, himself does not believe in blacking-out Moscow, his headquarters. During the recent summer offensive when his gallant troops recaptured Bryansk, Orel, Kursk and Kharkov these great victories were actually celebrated in Moscow by Marshal Stalin by shooting many very lights 3,000 to 4,000 feet high over the city accompanied by salvoes from many guns. These celebrations, be it noted, took place when Hitler's best troops were strongly entrenched in Smolensk which is barely 170 miles away from Moscow! I for one, therefore, fail to understand why our military authorities insist on the black-out in Bombay. I am told that recently the military authorities have shown their willingness to remove the black-out in Bombay, if the various local bodies would give an undertaking to reintroduce the same within 48 hours' notice should it be found necessary to do so. I sincerely trust that our local bodies will not hesitate to give such an undertaking, whatever be the trouble and expense. The streets of Bombay after dark are veritable death-traps for pedestrians and drivers alike. The wonder is that there have not been more casualties. Mills and factories doing war work by night must necessarily do so with their windows fastened, to the great detriment of the health of the workers. Our overworked bus, tram and taxi drivers have to ply their vehicles through perilously darkened streets. There are many sacrifices the loyal citizens of Bombay are prepared to make to win the War and no one can say that we have been found wanting—but it is useless undermining the war effort of the people of Bombay by this useless and detrimental black-out. Let us hope we shall be given more light to brighten our spirits to fight this War to a quick and successful end.

PERSONNEL OF PUBLIC HEALTH COMMISSION

NEW DELHI, Oct. 11.

The personnel of the Public Health Commission is believed to have been settled and will be announced shortly, Sir Joseph Bhore, as has already been reported, will be Chairman of the Commission, which will consist of about 20 members, the majority of whom will be representatives of the Medical Profession. The Central Legislature will be represented by the 3 members elected on the Central Advisory Board of Public Health. They are: Mr. P. N. Sapru, Sir Frederic James and Pandit Lakshmi Kant Maiora. There are to be 2 representatives of Labour, namely Mr N. M. Joshi and Mr. B. Shivarao. The first meeting of the Commission is expected to be held on October 27.—A. P.

M. R. MASANI FOR MAYORALTY?

Dr. M. D. Gilder, who was elected Mayor in the first week of April this year will vacate his chair on account of his continued absence for a year, if he does not attend the meeting of the Municipal Corporation on the 14th instant. After the 14th idem, the Municipal Commissioner will declare Dr. Gilder's seat vacant and the Corporation may fix a date to elect the Mayor in place of Dr. Gilder for the remaining period of the official year, viz: 31st March, 1944. The Congress Municipal Party may put up Mr. M. R. Masani for the mayoral chair, while Dr. S. P. Mehta, Mr. A. P Sabavala and Mr. N. C. Bharucha are likely to contest the election. If all the Parsi candidates contest together, Mr. Masani will have an easy "go" over their opponents as Mr. Masani will have a solid support of the Congress Party while the votes of the three other candidates will be divided.

Ahmedabad Passes Quiet Night

(From Our Correspondent)
AHMEDABAD, Oct. 11

Night passed off quietly yesterday. One fresh assault occurred this morning at 10-30 a.m. The situation is under control. Total injured since Dashera night are 30, including five deaths; arrested number about 250 in all. Mills and markets are working. Shops also have opened to-day.

Rovers Cup

WELCH REGIMENT VICTORIOUS

The third meeting of the Welch Regiment and the Base Sub Area in the second round of the Rovers Cup produced thrilling football at the Cooperage on Monday. For the third time the Base secured a lead of two goals, James and Gardner being responsible for them. But on crossing over the Welchmen made again a remarkable recovery and scored three goals through Williams, Hill and Lloyd to win the tie by the odd goal of five. The Base were definitely unlucky to lose the services of their hardworking centre-half, Towle, due to an injury, just after the first goal was registered against them. The game might have told a different tale otherwise.

ENGLISHMEN URGED TO STUDY INDIAN CULTURE

Amery And Wavell Appeal For Increased Support For India Society

LONDON, Oct. 11.

An appeal for increased support for the India Society in the London "Times" to-day is signed by the Secretary of State for India, Mr. L. S. Amery, the Viceroy-designate, Field Marshal Lord Wavell, the President of the Board of Education, Mr. R. A. Butler and others.

They described the purpose of the Society "to unite its members in study and admiration of those aspects of Indian culture whose beauty and nobility can be recognised and appreciated by all".

In their appeal they say that studies of Indian art, literature and archaeology have less recognition in Britain than on the Continent and we feel strongly that a vigorous effort should be made to bring about an improvement in this state of affairs. For enduring good relations between Britain and India, upon which so much depends on both countries, will turn no less upon a sympathetic understanding of each other's unlined, cultural and spiritual background than upon a happy solution of the difficult political issues of the present day".—Reuter.

Adya Sradh Ceremony Of Ramananda Babu

CALCUTTA, Oct. 11.

The Adya Sradh ceremony of the late Ramananda Chatterji Editor of the "Modern Review" and "Prabasi" was held with due solemnity yesterday morning at the Bose Institute. Prof. S. C. Mahalanvis conducted the divine service and Mahamahopadhya Bidhusekhar Shastri read out from the Shastras.

Members of various communities, Budhists, Jains, Indian Christians and Sikhs, were present at the function. Tagore songs were sung by the grand children of the late Ramananda Babu.

It is understood that the Autumn Session of the Legislative Assembly which will start on November 8 will finish on the 19th. It is believed that there will be no extension of the Session.—A. P.

Municipal By-Election To-day

Congress Party Appeals To Voters To Return Congress Nominees

The following appeal to the Municipal voters has been issued by the Bombay Municipal Congress Party on the eve of the by-election today:

Owing to their continued incarceration Shri Nagindas T. Master, Shri S. K. Patil and Shri Yusuf Meheralli have been deprived of their seats on the Bombay Municipal Corporation to which they were elected by your votes. To-day you are called upon to register your protest against this arbitrary act of the Government by casting your votes for them at the by-election.

The Municipal voters of Ward No. 5 Kumbharwada-Khara Talao and Ward No. 9 Girgaum-Chaupati have to do their duty by the Congress and the country by attending the polling stations respectively at (1) the Northbrook Garden and the famous Gowalia Tank Maidan. Voting hours are 8-15 to 7-15 p.m. (S.T.).

SPECIAL TO VOTERS OF WARD NO. 9

Voters of Ward No. 9 Girgaum Chaupati have to note that they have two votes and that they have to distribute their votes equally between the two candidates Shri Nagindas T. Master and Shri S. K. Patil.

The other seat is from Khara Talao-Kumbharwada constituency and four candidates are in the run for this seat. Mr. Yusuf Meherally, the ex-Mayor of Bombay, is one of them. He is also in jail and his incarceration began with the arrest of Mahatma Gandhi and other leaders after the August session of the A.I.C.C. last year."

The other candidates in the Girgaum ward are, Mr. Goverdhan Thakarsi, Mr. Maneklal B. Vora and Mr. K. H. Dhamdhere. Other candidates billed to contest along with Mr. Yusuf Meherally are: Mr. Gulamali Jamal Mistri, a nominee of the Muslim League and a building contractor, Mr. M. Harris, editor of the "Ajmal", a daily Urdu paper and Mr. Taherbhai Mohomedalli, a merchant. He is an independent candidate.

Mr. Harris, known for his Congress sympathies, was released from jail recently.

DELIMITATION OF CONSTITUENCIES

The Law, Revenue and General Purposes Committee has adhered to the first report submitted to the Municipal Corporation dated 11th May 1943 regarding delimitation of constituencies and redistribution of elective seats among them.

When this matter came before the Corporation on 21st June last after some discussion it was sent back to the Law and Revenue Committee for reconsideration and in consultation with the Commissioner to report. The Commissioner subsequently, made certain changes and increased the number of seats in wards Nos. 5, 7, 18 and 20 by one seat each and reduced the number of seats proposed to be allotted to Wards Nos. 11, 12, 27 and 33 by one seat each.

The Law and Revenue Committee in adhering to the previous resolution recommended to divide the city into 34 wards instead of 19 wards as at present and to distribute the elective seats among them on the basis of population.

Dr. (Mrs.) Malinibai Sukhtankar moved and Dr. B. R. Rajadhyaksha seconded that the Municipal Commissioner's recommendation with the resolution of the Law and Revenue Committee as submitted on 11th May 1943, be approved and the Government of Bombay be requested to amend the Municipal Act accordingly.

Mr. N. C. Bharucha opposed the resolution.

Mr. Mirza Akhtar Hassan moved an amendment to request the Government so as to provide for separate electorate for Muslims with a view to securing for them adequate representation in the Corporation.

A point of order was raised whether Mr. Mirza could move an amendment which was not within the four corners of the resolution. Some discussion ensued and Mr. B. N. Karanjia who presided, gave his ruling that Mr. Mirza Akhtar Hassan had tabled a resolution in September for a separate electorate for Muslims. Discussion over that resolution was adjourned till the question of delimitation of wards came before the House. As that matter came now before the House, Mr. Mirza's amendment was in order.

Mr. Jamnadas M. Mehta supported the resolution.

Further debate was adjourned.

Validity Of Family Ration Cards

In view of the fact that it would not be possible to finish distribution of ration cards to all individuals in Bombay City before October 17 by which the validity of the present family ration cards would have come to an end, the Government of Bombay have decided to allow the purchase of rations for two more weeks on production of the family ration cards. The Controller of Rationing has issued necessary instructions to the authorised dealers.

As the validity of the family ration cards is to be extended by a fortnight, authorised dealers have been advised not to register new ration cards issued to individuals until an official announcement is made. Similarly, no individual will be allowed to draw rations against their individual cards for 25th and 26th and such further weeks for which the present family ration cards may be made valid.

Yes, we have one too-

The mainspring which motivates this house is "service." By service we mean the supply of sound watches and timepieces at a fair price; unbiased advice for those of our clients who ask for it; courtesy and consideration for all with whom we are in contact.

This is the driving force that has guided this house through a century of service in India. Through the years ahead we will hold to it.

Though at the present time we are unable to meet fully the insistent demand for our timepieces, all ways and means are actively explored.

The Story of Tea No. 1

Sowing tea near Darjeeling.

AT THE BEGINNING...

Like the majority of cultivated plants, tea bushes are raised from seed, carefully grown for this specific purpose.

One at a time, the seeds are sown in well-protected nurseries, to provide for the necessary replacements of older bushes, whose yield of tender leaves is on the wane.

In the rich soil and favourable climate of India's hills, these seeds rapidly develop into sturdy little plants—ready for removal to permanent homes in more exposed sections of the gardens.

In three to five years' time these young bushes will be ready for plucking—and very soon thereafter providing our numerous Depots with fresh and fragrant tea.
